

# Public Notice

Dear Members and Visitors,

The Club is thrilled to announce that starting from **2nd December, 2024** we will be embarking on a major facility upgrade! “A” Green is set for a remarkable transformation as we install a brand new Synthetic Green.

The state-of-the-art upgrade will enhance your experience, elevating the quality and longevity of our greens.

The project is expected to take approximately three (3) to four (4) months. During this period you will notice workmen, equipment, and the occasional dust cloud as we work to bring this vision to life. While we will do everything possible to minimize disruptions, we kindly ask for your patience and understanding as we create this new environment for all.

The Club wishes to acknowledge and give huge thanks to both the **WA Government** through the Department of Local Government, Sport and Cultural Industries (DLGSC) Community Sporting and Recreation Facilities Fund (CSRFF) and the **City of South Perth** for their generous Grant funding and support in making this project a reality.

We can't wait to share this exciting new chapter with you!
